# From the Vice Chancellor's Desk

Warm Greetings to all

As the seventy-fifth Independence Day approaches, *Azadi ka Amrit Mahotsav* continues with an increased patriotic fervour. Programmes are being organized with emphasis on curricular, cocurricular and extra-curricular activities. The University had the honour and privilege of hosting an in depth discussion on the book *Modi @ 20: Dreams meet Delivery* at which the Hon'ble Union Minister of State, Ministry of Education, Government of India, Smt. Annapurna Devi was the Chief Guest, and former Chairman, ISRO, Shri A.S.Kiran Kumar and Vice Chairperson Apollo Hospitals, Ms Shobhana Kamineni were the Guests of Honour. As the Chief Guest rightly observed, “the Prime Minister's twenty year long journey so far, first as the Chief Minister of Gujarat and then as the Prime Minister of India is a study of how he utilized his experience as a common man to bring to focus the governance's orientation for the betterment of its people”. Another significant event was the workshop on the National Education Policy 2020, a testimony to the commitment of the University toward the frame work laid down by the UGC.

The visit to Chitkara University, Chandigarh, Punjab by a team of two faculty and ten students as part of Ek Bharat Sreshta Bharat has empowered the group with knowledge and ideas on various topics. The information gained is soon to be incorporated in action at the Central University also where it is deemed that it will be of use to the students and the institute.

The Independence Day celebrations began officially from 1 August 2022. All faculty and staff were part of the various programs organized including a team of student coordinators to assist them in effective and

smooth conduct of the events. The events comprised of various sports, essay writing competitions, drawing/painting competitions etc. Prabhat Pheri and Har Ghar Tiranga were also organised and both students and faculty enthusiastically participated in these events.

The Independence Day celebrations alone were a visual feast. The march past was performed by three groups of students clad in the colours of the flag and led by the Bharat Mata. The rich diversity of the students from various parts of India was displayed in the various cultural performances performed on the occasion. All students and faculty irrespective of state, language, culture and religion celebrated the occasion with great joy and enthusiasm. In spite of the celebrations and activities and the very busy schedule, academics were given their due importance in the second semester postgraduate and undergraduate students writing their semester end examinations. Entrance exam for DACE was conducted and the results of the students who got through was published on 2 September. It is a matter of pride for the University that 94 students have been admitted on merit basis.

I am proud to state that within an extremely short period since it's inception, the university is functioning on par with other premier Central Universities in implementing all the UGC and central government programmes issued for higher education institutes. I acknowledge that this would not have been possible without the efforts of all the students, faculty and staff of the Central University of Andhra Pradesh.

**I wish you all the very best!**

**Prof. S.A. Kori**  
Vice Chancellor
